

## **Module 9: Farmer Organizational Development**

### **Lead Author Benito Eliasi**

### **Summary**

#### **Module overview**

This module will provide basic practical guiding principles to the extensionist on how to develop the capacity of farmers to enable them to form strong organisations that effectively serve their members. The module discusses the definition of farmers' organisations (FOs) and how different formations of farmers play different function and roles in the agriculture sector. Issues of sustainability of FOs will be discussed and the extensionist will be equipped to guide farmers in forming and managing sustainable organisations.

#### **Module Learning Objectives**

At the end of this module you will be able to:

- Define the concept of FOs, their typology, and their differentiated formations and functions.
- Identify the diverse environment under which FOs operate and factors that are critical for their success.
- Recognize the complexity involved in developing a viable capacity development programme for small-scale FOs.
- Explain the concept of sustainability of FOs and be able to assist farmers to make their organization more sustainable.

#### **Module Performance outcomes**

Upon completing this module, you will be:

- Able to competently explain different formations and functions of FOs as well as the appropriate services each of the categories is expected to provide to farmers.
- Able to advise farmers' organisations on how they can ensure sustainability of their organisations.

#### **Units**

##### **Unit 1: Definition and Differentiated mandate of Farmers' Organizations**

- What is a farmer-based organisation?
- Categories of farmers' organisations

##### **Unit 2: Prerequisite For Successful Farmers' Organization**

- Internal factors that can affect the operations of FOs
- External factors affecting FOs

##### **Unit 3: Sustainability of Farmers' Organizations**

- Farmer representation as a factor for sustainability
- Importance of good cooperate governance in FOs
- Importance of financial sustainability in FOs

##### **Unit 4: Functions of Farmers' Organizations**

- Economic Function of FOs
- Function of influencing policies – political function
- Social function played by FOs
- FOs and their role in facilitating farmers to access technology
